# Who We Are

Precision Plus was founded in 1984 with one guiding principle: To provide the highest quality replacement parts and service at competitive prices.

Since then, we have become the **largest independent supplier** of vacuum pump replacement parts in the world. Last year we shipped over 5 Million individual parts to our customers. Our highly trained, professional staff is dedicated to providing superior **customer service**, unsurpassed **quality** and exceptional **value**.

With over 50,000 **stocked parts** for more than 650 pump models, Precision Plus makes vacuum pump repair and maintenance easy.

We are pleased that you have shown an interest in our products and services, and look forward to serving you.

# What We Do

We understand that as a provider of vacuum pump services you need a **professional, reliable** and **competent** partner. Someone who can provide the parts you need, when you need them, and at a superb price.

- Every genuine Precision Plus part carries our “form, fit and function” performance guarantee
- Most parts ship within 24 hours of your order
- Save 25% to 40% off the price from direct purchased spares
- Responsive technical service and customer support
- Ordering is fast and easy
- No minimum order amount

## If the following are important to your business...

✓ **SERVICE:** World-class customer service & fast delivery

✓ **QUALITY:** Form, Fit and Function is guaranteed

✓ **SELECTION:** More than 50,000 stocked parts

✓ **PRICE:** Up to 40% less than direct purchased spares

**Consider Precision Plus as the solution to your vacuum spares & accessory requirements!**

# Our Products

At Precision Plus you will find high-quality products guaranteed to meet your performance requirements at up to 40% less than manufacturer prices. We conduct ongoing quality evaluations on all of our products to ensure unparalleled performance and customer satisfaction.

We supply vacuum filters, replacement parts, repair kits, KF fittings, vacuum fluids and oils, rotors, stators, plates, shafts, and more for anything from a minor repair to a complete pump rebuild.
